# EVERYTHING PRINTING®

**YOUR BUSINESS PRINTING PROFESSIONALS**

Are you in need of high-quality printed materials? Look no further than Everything Printing in Gilbertsville. With state-of-the-art equipment and a team of skilled professionals, they are available to meet all your printing needs. Whether you require business cards, flyers, brochures, or any other printed materials, they have you covered.

The mission at Everything Printing is to provide excellent services that support the growth of local businesses, organizations, and businesspeople. Quality work, friendly and knowledgeable service, fast turnaround, and customer satisfaction are the foundation of Everything Printing.

Everything Printing was started in 2004 by Lee Levorgood, Boyertown graduate who has lived locally most of his life. Prior to starting the business, Lee was a service technician for Xerox and spent a few years in copy and printer sales. With much support from his family, the business was started in Bechtelsville as a pack and shipping store using the name "Everything Postal." Printing services were available at that time but were a small part of the business. Twice between 2006-2010 Everything Postal achieved top 100 of UPS independent shops in the United States.

As the retail shipping services were changing and squeezing out the independent shops, the decision was made in 2018 to discontinue shipping services and focus 100 percent on printing. Shortly thereafter, the opportunity arose to move into a larger facility in Gilbertsville where the business is currently located.

**Located in Gilbertsville**

Not to bring up bad memories, but businesses were shuttered in March of 2020 due to Covid. Initially this situation was bleak, but after six months, a PPP loan and employees returning to work, printing took off. With so many people working from home, the direct mail products grew in effectiveness. What looked bad in 2020 was a turning point for Everything Printing.

After 20 years in business, printing services are now provided outside the area; as far as Canada, Maine, New Jersey, New York, Florida and others outside the 422 Corridor. Yet with all this growth, you will still find Lee and his long-time employees working hard to meet client deadlines and expectations.

In addition to printing, direct mailing solutions are also available. When your printing is complete, they can handle the entire mailing process for you. From addressing envelopes, bulk mailing to applying postage stamps, they can take care of all the tedious tasks so that you can focus on more important things. The mailing services are efficient and reliable, ensuring that your message reaches their destination in a timely manner.

Scan this code to learn more about direct mail.

So why wait? Visit your local print shop today and experience the excitement of seeing your ideas come to life on paper and make a lasting impression. The dedicated team at Everything Printing is ready to assist you every step of the way, from selecting the right paper to finalizing your mailing options.
