Spring Hollow Golf Club

Located in the rolling hills of northern Chester County, Spring Hollow Golf Course opened our fairways in 1993. Architect John Thompson created a layout that blends the features of this one-time dairy farm with the surrounding beauty of a golf course. The par 70, 6008-yard layout has five par 3's, three par 5's and ten par 4's. Meadows defining some of the holes were left in place to give the course a natural look and feel. Wetlands, creeks, and ponds come into play on six of the golf holes. With a 110-foot change in elevation the frequent and often dramatic elevation changes afford the players not only challenging shot selections, but also beautiful views of the surrounding area. It doesn't get better.
