H & F Tire Service

With summer in full swing, it's probably time to get those late vacation travel plans ready. H & F Tire Service can help make sure your vehicle and its tires are ready, too. A car tire has to carry more than 50 times its own weight and steer the vehicle in a straight path regardless of road and weather conditions. It also must absorb bumps on uneven road surfaces and provide a stable ride for you and your passengers. Tires transmit the engine's power to accelerate and the braking force to stop. How well your tires perform these functions depends in part on the quality of the tires and how well they are maintained.

Let H & F Tire Service check your tires' inflation, alignment and determine if any need replaced. In the long run, cheap tires won't save you money. They don't last as long as higher quality tires and may result in a rougher ride and inferior handling. Your goal in tire shopping should be to find the highest quality tire that meets your specific need and budget. H & F Tire Service carries 13 brands including Bridgestone, Firestone, Goodyear, Michelin, B.F. Goodrich. Let our tire professionals help you maintain your tires and choose the right tire for your vehicle. Check us out at any of our five locations: Pottstown, Lancaster Ephrata, Reading, and Hanover, or on the web at www.hftire.com.

LEGAL TIPS

(Continued from page 47)

And this matters why? Because as a litigant, you do not need to expend dollars having a witness come to the hearing — if they are even available — and testify to the authenticity of the document. The cost of producing such witnesses may take all the value out of the case and leave no money on the table for a settlement.

But there is a problem. These documents are not always produced, and on the day of arbitration the panel is left wanting for sufficient evidence from either party to prove its case. This is often because the attorney has not done sufficient discovery or — and this is partially on you, business owners — they didn't know your business well enough to know what to discover.

Make sure your attorney knows your business. You are far smarter and more informed about your business than your attorney is. What is as natural as breathing to you is — as one witness said today — as foreign as Mandarin and Greek to everyone else. This rule motivates arbitration. Do not fail to use it to your full advantage.
