TAXPAYERS SHOULD BE AWARE OF SCAMS! *Don't let these Thieves get you!*

By Barbara Akins, CPA

Here are some common schemes that
are hitting our local area!

Smishing — the victim receives a text
message that they will be charged for a
service that they never ordered and that
they must contact the company immedi-
ately to cancel the order. The text includes
a hyper-link, which, if the victim clicks
on, will take them to a fake website that
triggers the download of a program that
breaches the security features of the
phone.

Phishing — Fraudsters impersonate
a business in an attempt to trick the vic-
tim into giving them sensitive informa-
tion by having them open the email and
click on a link to a "spoofed" site or a link
that installs malicious software on their
computer so thieves can track your
movements and gain user IDs and pass-
words.

Vishing — the victim receives an au-

tomated phone message saying there is a
suspicious transaction on their account
and to please call a phone number. The
victim calls the number and is asked to
enter their credit card number and the se-
curity number on the back of the card so
they can be authenticated as the real cus-
tomer.

Fake Charities — Fake charities are
set up to steal from well-intentioned peo-
ple trying to help in times of need. They
generally target natural disasters and
now COVID-19.

Phone Calls from the IRS — The
IRS will not call to threaten you. A phone
call from the IRS threatening arrest is an
Impersonator and a SCAM.
