

# Local Designer Wins Top Honors

**Barbara Hayman Designs**, a Decorating Den Interiors franchise serving the TriCounty Area, took the top two honors in a recent international room makeover competition. She won first and second place in the People's Choice segment, an online judging that involved nearly 300 rooms in 12 categories. More than 30,000 votes were cast over a two-week period.

Her bedroom makeover received the highest number of votes while her dining area design drew the second highest number of votes in the Dream Room Awards. The bedroom design also won third in its category in a separate competition judged by interior design journalists from throughout the U.S. and Canada.

"The winning bedroom features shades of cobalt, indigo and gray that make a bold statement," Hayman explains. "The custom upholstered, button-tufted king bed in an oatmeal linen with brass nail heads, provide a perfect focal

point in juxtaposition with the white leather upholstered nightstands and bright cobalt glass lamps with brilliant gold swirls. Custom drapery panels in a bright floral print enhance the look while bright white metal flower art adds interest with its three-dimensional vibe."

Hayman's dining area features "a dazzling chandelier dripping with brilliant Swarovski crystals as the focal point for a formal design. Beautiful custom window treatments with crisp goblet pleats in a platinum and white geometric fabric dress up the windows and add to the overall elegance. Black nickel hardware with crystal embellishments complete the look of opulence."

In addition to the Dream Room awards, Hayman also received two sales awards. The Eagle Award put Hayman in the top 15% of the company. Hayman also received the President's Club Award, where she was given a pin with one diamond in it, symbolizing the achievement in level one of cumulative sales.

Hayman's awards were announced at Decorating Den Interiors 50th anniversary conference held recently in Las Vegas. Each year, the company has a Dream Room competition in which its design professionals enter room makeovers done in the previous year. In recent years, an online judging was added to give the public an opportunity to vote for their favorite makeovers. The top three room receive People's Choice awards.
