We love the Rebels and our Rebeletts!

Proud sponsor of the Reading Rebels.  
Good luck Rebels in the playoffs!

**Summer Hair Care Tips**

- Use a leave-in conditioner - If you put conditioner on your dry hair before you go into the sun, this puts a nourishing barrier between your hair and the elements.
- Apply before you go in the water and every time you get out.
- Use a wide toothed comb to work the conditioner through your hair.

*Aveda and Amika make some wonderful conditioners that also include natural sunscreen!*

**CarePatrol**  
**Your Partner in Senior Care Solutions**

**By Kirk Campfield; Certified Senior Advisor (CSA)**

When a health change or the aging process raises concerns about the safety of a loved one living in their home, CarePatrol is here to give you peace of mind. For over 30 years, CarePatrol's Senior Care Advisors have matched seniors to pre-screened communities; including assisted living, independent living, personal care, memory care and in-home care options. All of the CarePatrol services are available at no cost to seniors and their families.

As a pioneer in senior care advisory services, CarePatrol is the nation's largest and most trusted organization in senior care. Founded by a medical social worker who observed the trauma of a family whose loved one moved into the wrong type of community, CarePatrol has grown to over 170 locations across the country with more than 20,000 vetted communities. By discovering more about a senior's needs, desires and budget, CarePatrol provides the top communities for consideration. CarePatrol accompanies the family on tours and is proud to be their care partner; making an overwhelming process much more manageable. CarePatrol makes move-in day less stressful and stays in contact with the family as a true partner in care.

My CarePatrol journey began while caring for my mother in my home. I had cared for her for 11 years when she fell and broke her back on my kitchen floor. I was just outside of my house doing yard work and she laid there for 3.5 hours. She wasn't wearing her key fob and had she not been living with me; may not have been discovered until it was too late. This event terrified my mother and she asked that we look into a care community for her. At the same time that this was happening with my mom, my girlfriend's parents were also both declining and in need of a care community. We made the mistake of contacting certain online agencies and were bombarded with lists and inappropriate care options for our loved ones. I knew there had to be a better way. After our parents were eventually placed in care communities, I discovered CarePatrol as an ownership option during the pandemic. I realized that CarePatrol offered a much better way to go through the trauma and uncertainty of this process alone. I purchased my franchise in September 2021. I wanted to help families and their loved ones through this transition and ensure they have a better experience than myself & my girlfriend did.
