A message from the Chamber office

I hope this message finds you healthy and safe. In the interest of safety, the PV Chamber has replaced in-person events with virtual networking opportunities. Timely information about programs, grants, financial aid, special offers, advocacy efforts and more is shared in weekly enews and on our COVID-19 Resource Hub. We encourage you to bookmark the COVID-19 Resource Hub to stay informed. To view the page, click on the COVID-19 banner on www.PVchamber.net.

The Chamber provides resources for our members and the business community. Our virtual Zoom meetings connect you with business leaders and expert panelists providing guidance, resources, and answer to your questions regarding business operations during these challenging times. Sponsorships are available and most events offer free or low-cost registration options. Members and non-members welcome!

Visit the Chamber website to learn how you can participate in our **Shop Local Program** happening this Fall. Special offers from local businesses will help you save money while supporting our community. If your business would like to participate, contact renee@pvchamber.net.

Stay strong. Stay healthy. And know that we are here for you. Please reach out if there is anything we can do to help you through these challenging times. **TOGETHER** we will REBUILD.

Sincerely,
Renee Blomstrom, Executive Director

MEMBER SPOTLIGHT

Mathnasium of Collegeville featured on NBC 10!

It was exciting to see PV Chamber member, Renji Kurup, owner of Mathnasium of Collegeville, featured on NBC 10 in September! Renji explained how Mathnasium provides math tutoring for children from Kindergarten through 12th grade, offering both in-person and virtual instruction. Their new service offering, Prime Study Space, supports families and students by providing a safe and engaging environment for students where they can work on their academic or school-related tasks. Some employers are providing employee subsidies for this type of service. If you missed the segment on NBC 10, you can find the link for it at www.facebook.com/MathnasiumofCollegeville/
