INTRODUCING COOL CREW HEATING & COOLING

*Expert Service.
Hometown Values.*

Recently, the Rhoads Energy Family of Companies launched Cool Crew, its new HVAC service group. Cool Crew immediately became one of the region's largest, most experienced teams in the region. Cool Crew consists of more than 50 service technicians from Rhoads Energy and affiliated companies, including Boyertown Oil & Propane, covering a 150-mile service area across five counties. Rhoads CEO Michael DeBerdine notes that the company created Cool Crew to better define its position as the area's leading HVAC provider.

ADVANTAGES FOR HOMEOWNERS

Cool Crew offers customers centralized dispatching, coordinated service and quicker response times. Cool Crew also provides access to a large line of products and resources, plus special financing, and warranties with leading manufacturers like Lennox and Mitsubishi. Cool Crew will also identify new products that offer energy savings, improved air quality and more.

DEEP COMMUNITY ROOTS

Cool Crew is the newest chapter in Rhoads Energy's history in Central and Southeastern Pennsylvania, which dates back to 1917, and involves a long track record of giving back to the community. Boyertown Oil & Propane has been part of the Rhoads Energy Family of Companies since 2009 and will continue to provide reliable propane and heating oil deliveries to homes and businesses throughout the TriCounty area. The company will maintain its existing local office in New Berlinville and surrounding areas. Residents can look for the Cool Crew logo on trucks, vans, and shirts in the coming weeks.
